## JUAREZ IN HANDS OF INSURRECTOS

General Navarro and Several  
Hundred Men Surrender.

BOWS HIS HEAD IN DEFEAT

Mexican Commander Disheartened  
Over Having to Turn City Over to  
the Rebels—Juarez Now Provisional  
Capital and Madero and His Staff  
Have Taken Complete Possession  
After Winning Bloodiest Battle of  
the War.

Ciudad Juarez, Mex., May 11.—This  
little town is the provisional  
capital of Mexico and Francisco  
I. Madero, Jr., provisional president,  
and his staff have taken complete pos-  
session after winning the bloodiest  
battle of the Mexican revolution.

In a corner room of the barracks  
which for two days he held against  
the terrific fire of the rebels sits Gen-  
eral Juan J. Navarro, the federal com-  
mander, a captive, having surrendered  
with almost his entire garrison of sev-  
eral hundred men. His sallow face is  
sunken, his head is bowed and he  
does not talk, for the bitter sting of  
defeat has disheartened him.

In contrast, in another part of the  
little town is Francisco I. Madero, Jr.,  
the conqueror, surrounded by mem-  
bers of his family and his staff, joy-  
ous, exultant and flushed with victory,  
yet ready, he says, to make peace  
with the Mexican government if it is  
disposed to deal frankly and sincerely  
with the revolutionists and without  
such vague promises as "President  
Diaz" manifesto contained.

In hotel lobbies, store fronts and  
hallways, the improvised hospitals of  
the battlefield, are scores of wounded  
attended by a host of physicians and  
nurses from El Paso, who have volun-  
teered medical relief. The floors of  
the Porfirio Diaz hotel, where thirty  
wounded lay, are covered with blood  
and gore soaked clothing.

Dead Number Sixty-five.

All the dead are being buried. A  
conservative estimate by physicians  
as well as by insurrecto leaders who  
surveyed the fighting puts the federal  
dead at nearly fifty and the rebel loss  
at about fifteen, with a total of nearly  
250 wounded on both sides.

The actual number of lost probably  
never will be known, as deserters  
were many and the dead have been  
buried quickly.

On the American side of the line  
five have been killed and about seven-  
teen wounded, many of them being in-  
nocently engaged at a distance from  
the river front.

The actual surrender of the town by  
General Navarro took place about 1  
o'clock, General Navarro giving his  
sword to Colonel Garibaldi of the in-  
surrecto army after the rebels had  
completely surrounded the barracks  
and threatened to annihilate the gar-  
rison within.

His eyes dimmed as he surrendered,  
but Colonel Garibaldi, with a hand-  
shake that bespoke his admiration for  
the brave fight the federal leader had  
made, assured him of the desire of the  
rebels to afford him every courtesy.

A score of rebel officers rode up and  
extended to the federal commander  
their sympathy as Mexicans for him  
and his men. There is the same frat-  
ernal sentiment in the hearts of the  
entire insurrecto army for their coun-  
trymen who have been defeated, but  
everywhere are heard words of op-  
probrium for President Diaz, who they  
hold responsible for the loss of life  
and the suffering of the wounded.

## REBELS' PRESTIGE GREATER

Capture of Juarez Adds Strength to  
the Revolt.

Mexico City, May 11.—No one in  
the capital not under the official ban  
of silence but admits the capture of  
Juarez by the revolutionists adds im-  
mense prestige to the flag of revolt  
and as a moral victory is bound great-  
ly to augment the strength of the in-  
surrecto cause.

The situation furnished a solemn  
subject for the cabinet meeting and  
one for liveliest debate in the cafes.

With Juarez in the hands of General  
Madero the task of General Rabago,  
sent north from Chihuahua with 800  
men to the relief of General Navarro,  
becomes more difficult. According to  
popular and official opinions the issue  
at Juarez remains still to be fought  
out, probably with bullets, possibly  
with the reopening of peace negotia-  
tions.

## PRESS AND SLEUTHS DECIED

Ohio Senate, After Denunciatory  
Speeches, Defeats Greeves Bill.

Columbus, O., May 11.—Following  
an exciting day, marked by severe de-  
nunciation of the press, detectives and  
those pushing the criminal investiga-  
tion of corruption in the legislature,  
the senate, by a vote of 2 to 22, de-  
feated the Greeves bill, which would  
have annulled the immunity provision  
of the law for inquiries by committees  
of the assembly.

This is the measure the house  
passed hurriedly after the members  
became aroused over the senate's ac-  
tion in appointing a committee of sen-  
ators for what representatives consid-  
ered whitewashing purposes.

## MIGHT DEFEAT CANADIAN PACT

Move on Foot to Combine Free  
List and Reciprocity.

WILL COME BEFORE SENATE

Democratic Senators Generally Seem  
Favorable to Plan and if They Vote  
Solidly Only Five Republicans Com-  
ing to Their Aid Will Be Necessary  
to Place the Free List Bill as a  
Rider on Reciprocity.

Washington, May 11.—Facing the  
question of an early report on the  
Canadian reciprocity bill and with the  
free list bill already before them  
members are considering a Democrati-  
c proposition to couple the two meas-  
ures. There is no hope of having the  
two bills reported as one, but a mo-  
tion will be made in committee to  
that effect. In the senate the question  
will be seriously presented.

Senator Simmons of North Carolina,  
one of the oldest of the minority mem-  
bers of the committee, finds the Demo-  
cratic senators friendly to the propo-  
sition as a whole. He also has been in  
consultation with regular and progres-  
sive Republicans, some of whom have  
manifested interest.

Many of the progressive senators  
favor broadening the application of  
the reciprocity bill, though only a few  
of them are willing to change it along  
the precise lines proposed by those  
who would appropriate the house free  
bill without change. No regular Re-  
publican would accept the house bill  
except as a means of defeating the  
reciprocity bill, which they think  
would be accomplished through veto if  
the two measures should be combined.

The Democrats are, therefore, ex-  
periencing difficulty in finding com-  
mon ground with either branch of  
their opponents.

The progressive Republican sena-  
tors prefer to work out the problem  
along their own lines, but they, as  
well as the Democrats, confess that in  
the end they may find themselves  
united.

If the Democrats realize their ex-  
pectation of a solid party vote in favor  
of the rider they will need only five  
Republican votes to place it on the  
bill. It is believed that the house  
would welcome the combination and  
in that event the president would be  
compelled either to accept reciprocity  
with an enlarged free list or reject  
both.

Violent assaults on the Canadian  
reciprocity bill marked the hearing on  
that measure by the senate finance  
committee. Farmers from the border  
states, fishermen from Gloucester,  
Mass., manufacturers of wire cloth  
for papermaking and manufacturers of  
book, wrapping and news print pa-  
per, all poured forth their protests  
against the bill.

## DULUTH WOMAN ENDS LIFE

Mrs. Effie Haney Commits Suicide at  
Mother's Home in East.

East Providence, R. I., May 11.—  
Driven into insanity through grief  
over the death of her child Mrs. Effie  
Haney, twenty-eight years old, of Du-  
luth, Minn., committed suicide by tak-  
ing carbolic acid at the home of her  
mother, Mrs. Frank Stanley, at River  
side.

Mrs. Haney came here after the  
death of her child a short time ago.  
Her mind became so deranged that  
she attacked her mother with a knife.  
Arrangements were to have been  
made to place her in some institution.  
It is believed that Mrs. Haney learned  
of this and decided to end her life.

## CUSTOM PORTS DESERTED

Federal Soldiers Leave Agua Prieta  
and Naco.

Douglas, Ariz., May 11.—With Agua  
Prieta, the town about which a des-  
perate battle raged two weeks ago,  
thrown back on their hands by its  
abandonment by the federalists, the  
members of the rebel junta in this  
city are at a loss what to do with it.  
Naco also fell into rebel hands, its  
city are at a loss what to do with it.  
Naco also fell into rebel hands, its  
city are at a loss what to do with it.

## TRYING TO REACH ROOSEVELT

Foes of Reciprocity Think Colonel Is  
With Them.

Washington, May 11.—By telegraph  
and long distance telephone the Min-  
nesota and North Dakota anti-reci-  
procity delegations are trying to get  
in touch with Theodore Roosevelt.  
They have reason to believe, despite  
his Lincoln day speech in Grand  
Rapids, Mich., in the course of which  
he declared in favor of reciprocity in  
general in definite terms, that he is  
opposed to the reciprocity measure  
which recently passed the house and  
is now pending in the senate. They  
hope that he will make public an-  
nouncement of this fact.

FRANCISCO I. MADERO, JR.

Rebel General Who Has Taken  
Juarez From Diaz' Soldiers.

## WILL ASK FOR RECOGNITION

Indications Are United States Will  
Refuse Request.

Washington, May 11.—With news of  
the fall of Juarez official Washington  
foresees an earnest effort on the part  
of the revolutionist agents here to ob-  
tain recognition of the belligerency of  
the Maderists on the part of the United  
States.

Logically with the heavy reinforce-  
ments that victory is certain to at-  
tract to Madero's banner, his next  
move would be a march on the capital  
itself, incidentally stopping on the way  
to besiege and capture all the con-  
siderable cities and towns in his  
path.

Through Senor Vasconcellos, the  
acting head of the junta here, an ef-  
fort may be expected to secure such  
recognition from the state department.  
Indications are that such a request  
will not be granted, for the present at  
least. There is this serious objection  
to it: By that act the Diaz government  
would be relieved of all pecuniary re-  
sponsibility for any damage inflicted  
on Americans by rebel operations.

The large American business interests  
in Mexico, which have suffered se-  
verely by the insurrection, would raise  
a strong protest against the adoption  
of a course that would prevent them  
from securing reimbursement for their  
losses.

## DEITZ TO SUBPOENA LUMBER MAGNATE

Will Summon as Witness Ed-  
ward Hines of Chicago.

Hayward, Wis., May 11.—John F.  
Deitz will subpoena the "lumber  
trust." He made this announcement  
in his cell in the county jail.

The man the "martyr of the lumber  
interests" will ask to have summoned  
as a witness for the defense in the  
Deitz murder trial is Edward Hines,  
president of the Hines Lumber com-  
pany of Chicago, associate of Fred-  
rick Weyerhaeuser, the most influ-  
ential operating lumber baron in this  
part of the country.

Deitz learned that Hines was in  
town. Hines sat in a back row in  
the courtroom and listened quietly to  
the presentation of the case of the  
three defendants.

Deitz' object in asking that Hines  
be subpoenaed is to show the jury  
why he was suspicious of peace mes-  
sengers. And if Hines' testimony nets  
him nothing he believes his effort to  
prove the reasons for his suspicions  
will carry weight with the jury and  
the public.

Testimony was introduced by the  
defense to disprove the impression  
left by maps shown to the jury by  
the prosecution from which it was  
contended no deputy could have shot  
a bullet directly into the body of Harry  
and that only one, Van Alstyne, was  
in a position from which he "might  
possibly" have shot the deputy with  
a bullet that passed through the roof  
of the barn first.

## Towney Counsel for Reds.

Washington, May 11.—It is un-  
derstood here that former Congressman  
James A. Towney has been retained  
by the White Earth Indians in mat-  
ters before congress, which will in-  
clude a demand for an investigation  
of the administration of Superinten-  
dent John R. Howard. This investi-  
gation, if it is entered upon, will be  
made by the house committee on ex-  
penditures in the interior department.

## CHICAGO SEEKS CONVENTION

First Steps Taken to Secure Repub-  
lican Gathering.

Chicago, May 11.—First steps in  
a movement to bring the Republican na-  
tional convention to Chicago in 1912  
were taken by the board of directors  
of the Republican county central com-  
mittee at its annual meeting. Resolu-  
tions were passed requesting the Re-  
publican national committee to pick  
Chicago as the next convention city  
and urging the national committeeman  
from Illinois, Frank O. Lowden, to  
use his influence to that end.

## INTERVENTION IN MEXICO COSTLY

Officials Say It Would Mean  
Army of 250,000 Men.

SUCH ACTION IS POSSIBLE.

President Taft Will Avoid This Course  
if He Can—Speculation as to What  
Roosevelt Would Have Done—Con-  
gressman Martin of Illinois Makes  
First Call on Hitchcock.

By ARTHUR W. DUNN.

Washington, May 11.—[Special.]—It  
has been estimated by the government  
officials that intervention in Mexico  
will mean an army of 250,000 men, and  
there is a belief that the country will  
seriously object to an army of that  
size. No one can foresee the end if  
there should be such intervention.

The president is aware that it will  
mean long and continued warfare with  
guerrilla bands and that it will be  
very difficult to establish a stable gov-  
ernment under present conditions. The  
dictatorship of Diaz, the governing of  
a people with an iron hand, has cre-  
ated a condition which makes the es-  
tablishment of a good government dif-  
ficult.

While the president has the troops  
ready for intervention he does not  
want to take the important step un-  
less it is absolutely necessary.

What Might Have Been.

People are wondering what Roose-  
velt would have done and would do in  
a similar position to that which Presi-  
dent Taft finds himself in regard to  
Mexico. Many people think we would  
have been at war with some of the  
Mexicans long ago. It is recalled that  
when Colombia was protesting so vio-  
lently against having Panama taken  
from that country there was a report  
that Colombian troops were moving  
toward the isthmus overland. Roose-  
velt gave orders for a brigade of troops  
to be at once sent to Panama to meet  
the Colombian forces. The order was  
not put in execution because Root and  
Moody, then members of his cabinet,  
objected.

An officer was sent to make an in-  
vestigation as to whether the isthmus  
could be approached overland from the  
south, and his report was that such a  
movement was impossible. Then the  
brigade order was revoked.

A Remarkable Record.

Congressman Martin B. Madden of  
Chicago was strolling toward the post-  
office department, and I asked him  
where he was bound. He told me he  
was going to the postoffice department.

"It is the first time I have ever been  
in the department," was the remark-  
able statement of the Illinois congress-  
man. He has served six years in the  
house and is entering upon his fourth  
term. Then he went on with a still  
more remarkable statement: "I have  
never asked for an appointment for  
any one or had any federal patronage  
of any kind. I have seen Postmaster  
General Hitchcock but once, and that  
was on a trip down the Mississippi  
river, when we were examining the  
river, and President Taft introduced us."

The visit of Congressman Madden  
had peculiar interest because it was  
undertaken at the request of two Sis-  
ters of Charity who had been refused  
the use of the mails in raffling an au-  
tomobile, the proceeds of which were  
to be devoted to charity. Of course  
it was impossible to get the ruling re-  
versed, and the congressman knew it  
before he introduced the women at the  
department.

Pomeroy Makes a Discovery.

"It looks to me as if these people  
are trying to get all they can in the  
matter of tariff," remarked Senator  
Pomeroy at the close of a hearing in  
the finance committee room. The Ohio  
senator is not the first legislator who  
has made that discovery. The people  
who come to Washington to protest  
against changes of schedules are not  
usually here for the interest of the  
great public. They are looking after  
their own affairs.

Where He Learned to Fight.

Senator Nelson of Minnesota went  
through many hardships as a young-  
ster. He was but a wee child when  
his parents brought him from Norway  
to this country, and in the early days  
in Wisconsin foreigners of any kind  
were not considered up to the standard  
of American born citizens.

"D—n little Norwegian," was an epithet  
of reproach cast upon little Nel-  
son at school. "I used to fight every  
boy that called me that, big or little,"  
remarked the Minnesota senator, "and  
I was in a fight most of the time when  
not in school."

In later days Nelson has been called  
the "little Norwegian giant," and no  
one ever heard him kick at that. It  
has been a good political slogan in  
times past.

Carter in Good Humor.

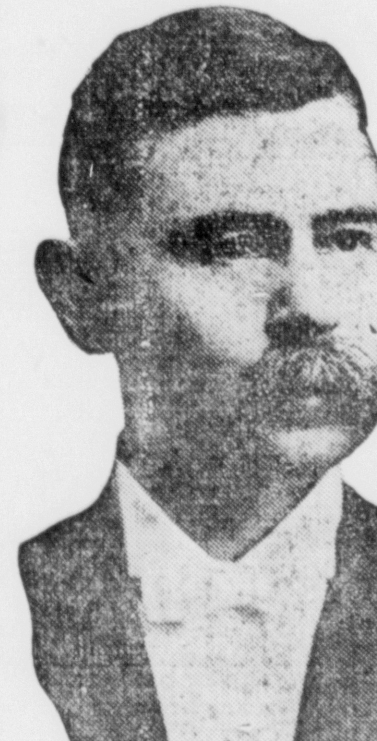

Congressman Carter of Oklahoma  
says in his biography that he is mixed  
Chickasaw and Cherokee; but, al-  
though he shows his Indian blood, he  
has nothing of the stolid and self con-  
tained characteristics of the aborigine.  
He seems to find a lot of fun in the  
house, and his face is generally wreath-  
ed in smiles like a man who is well  
satisfied with himself and surround-  
ings in spite of the fact that he spends  
more time than any one else listening  
to the tariff debates.

The Yukon Climate.

In the Yukon territory the thermom-  
eter ranges during at least five months  
a year from zero to 70 below.

SENATOR SIMMONS.

Prominent Democrat on the  
Senate Finance Committee.

## PIONEER EDUCATOR IS DEAD

Dr. C. W. Hall at Minnesota Univer-  
sity for Thirty Years.

Minneapolis, May 11.—Professor Dr.  
Christopher W. Hall, for thirty years  
connected with the University of Min-  
nesota in varying capacities, died at  
his home from an affliction of anemia.  
Dr. Hall, who was sixty-six years old,  
had been suffering from the disease  
for two years, having contracted it  
while attending a convention of the  
International Geological association in  
Chile, South America. For the past  
month he has been confined to his  
bed, where he has grown steadily  
weaker.

## ARBITRATION PACT READY

Final Draft of Treaty to Be Laid Be-  
fore Cabinet Friday.

Washington, May 11.—The final  
draft of the arbitration treaty to be  
submitted to Great Britain will be laid  
before the cabinet Friday. Although  
Ambassador Bryce of England is ab-  
sent from Washington it is not doubt-  
ed by officials here that the final draft,  
after being approved by the cabinet,  
will prove acceptable to him. The  
treaty will then be submitted by him  
to his government.

## WILL TAKE NO PART IN THE CONTROVERSY

Democrats to Let Republicans  
Elect President Pro Tem.

Washington, May 11.—With the ar-  
rival here of Senator Cummins of  
Iowa the situation relative to the elec-  
tion of the president pro tempore of  
the senate is expected to crystallize.

The attitude of Mr. Cummins to-  
ward Senator Gallinger, who was nomi-  
nated at the party caucus Monday, is  
unknown.

Regular senators are exceedingly  
bitter over the evident determination  
of Senator La Follette, backed by  
other progressives, to make a fight in  
behalf of Senator Clapp for the posi-  
tion. They insist that no question of  
principle is involved and that Mr. La  
Follette is inspired solely by a desire  
to embarrass the party organization.

On the other hand, Mr. La Follette  
and those associated with him charge  
that Mr. Gallinger is intolerant, unfair  
and arbitrary, and that he is disquali-  
fied by temperament from presiding  
over the deliberations of the senate in  
the absence of the vice president.

The Democrats will take no part in  
the controversy between the two Re-  
publican factions. It is their purpose  
either to refrain from voting or to  
absent themselves from the chamber  
when the time arrives to vote, in case  
the progressives carry out their an-  
nounced intention to take the fight  
against Mr. Gallinger to the floor of  
the senate. With all the Democrats  
and Republicans present and voting  
the outcome would be the election of  
a Democrat, Senator Bacon of Georgia.

## Meets Death in the Air.

Minneapolis, May 11.—When George  
H. Hallman of Mankato, lineman for  
the General Electric company, went  
to Twenty-seventh street and Stevens  
avenue to repair a break in the lines  
he came in contact with a high volt-  
age wire, which threw him across the  
crossarm, lifeless. The fire depart-  
ment was called to remove the body.

## LION CAUSES NINE DEATHS

Beast Breaks Cage in Theater Fire  
and Blocks Escape.

Edinburgh, May 11.—An enraged  
lion, maddened by burns and in fear  
of death, was directly responsible for  
the loss of at least nine lives in a fire  
that destroyed the Empire Music hall.  
The animal's master, the "Great La-  
fayette," and two of his assistants are  
among the victims. They lost their  
lives trying to quiet the terrified ani-  
mal which escaped from its cage and  
blocked the main exit from the dress-  
ing rooms in which many of the artists  
were penned.

## TERRIFIC WIND CAUSES DAMAGE

HONOR CARDINAL GIBBONS

New York Catholics Celebrate Silver  
Jubilee of His Elevation.

New York, May 11.—In the manner  
observed in Rome six pages in uni-  
form bearing lighted torches met his  
eminence Cardinal Gibbons at the  
doors of the Catholic club here and  
escorted him to a throne in the grand  
ballroom, where he was welcomed by  
a large gathering of prominent Catho-  
lics celebrating the golden jubilee of  
the prelate's ordination to the priest-  
hood and the silver jubilee of his ele-  
vation to the cardinalate.

"No citizen should be a drone in the  
social beehive," Cardinal Gibbons said  
in response to addresses of welcome  
by Archbishop Farley and others. "No  
man among you should be an indiffer-  
ent spectator of the moral, political  
and economic questions which affect  
the welfare of the commonwealth."

Both Hoped.

"Well, may I hope, then, dearest,  
that at some time I may have the su-  
perlative happiness of making you my  
wife?"

"Yes; I hope so, I am sure," she re-  
plied. "I am tired of suing fellows for  
breach of promise."

## HOT WEATHER IN NEW YORK

Early Highest Temperature Record  
Since 1896 Broken.

New York, May 11.—The season of  
heat prostrations began when Jerry  
Watzell, a tinsmith, was overcome  
while at work on a steamship. The  
temperature at 3 p. m. was 83 degrees.  
Never has summer weather come so  
early since 1896, when there was a  
temperature of 91 degrees on May 9.

Chicago, May 11.—The thermometer  
rose to 87 degrees at 2:30 and gave  
Chicago its first touch of summer  
weather. One prostration was re-  
ported to the police. John G. Donegan  
was stricken while at work on a build-  
ing.

### ED. GUSTAD GETS BANK CONTRACT

Pioneer Contractor of Cuyuna Range  
Will Build Cuyuna State Bank  
Brick Block

BANK DIRECTORS IN VILLAGE  
Charles G. Osterlund, of Deerwood,  
Opens Branch Drug Store in  
Federal Building

Cuyuna, Minn., May 11.—The contract for erecting the brick bank to be occupied by the First State bank of Cuyuna has been let to Ed. Gustad, the Cuyuna contractor who has built many of the prominent buildings of the town, including the school house, Buchanan's hotel and others.

Mr. Ike Hazlett, of Minneapolis; F. B. Coon, J. J. Meyer and W. E. Parker, of Wadena, directors of the First State Bank of Cuyuna, were in town in conference with other directors when the bids were opened for the construction of the new bank.

Mrs. Irma Camp Hartley, county superintendent of schools, was in the village Wednesday attending to school matters.

Charles G. Osterlund, of Deerwood, opened his branch drug store at Cuyuna on Monday. He occupies fine quarters in the new building erected by Frank Buchanan, the postmaster of Cuyuna. The building is of frame construction, measuring 24 by 50 feet in size, and is the home of the postoffice. People have christened it the "Federal building."

The first issue of Cuyuna's first newspaper, a weekly, is expected about May 19th.

### Obituary

Mrs. Percy Taylor died Thursday night at 9 o'clock, May 4th. Services were held at the family residence in Long Lake township at 1 o'clock Saturday afternoon, Rev. Hilton officiating. The pall bearers were Wm. Thompson, Bert Thompson, John Sandgren, Gust Juline, Sairen Hansen and H. C. Hughey. The remains were taken to Brainerd and shipped to Lamole, Minn., her former home and were accompanied by Mr. Taylor.

Although her death had been expected for some time it has cast a gloom over the entire community. She was a woman possessed of rare traits of character which endeared her to all who knew her. She was an intense sufferer for weeks and even months before her death but through it all she was patient and kept her faith in God. Finally, as the end came, she was ready for the summons of the Master. Although it is a hard blow for the family, still we cannot wish her back to suffer, for she passed over to the other shore beyond this world of pain and sorrow, and is beckoning to us to join her in that better realm. \*\*\*

### Do Ghosts Haunt Swamps

No, never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only, 50c at all druggists. tfs

### At the Empress

The drama at the Empress to-night, "The Price of Victory," is built upon a touching incident in the life of the great Napoleon, and a simple little drummer boy in the ranks. Even the stern Emperor had his heart softened at this time and showed his pity and reverence in a most kindly manner. A plot that is historically correct and intensely interesting. Don't miss it.

## LaPORTE FIRE-SWEPT EARLY THIS MORNING

Fanned by Fierce Winds Fire Destroys the Entire Business Section of Little Town

LOSS ESTIMATED AT \$25,000

Laporte is a Station About 72 Miles North of Brainerd on the M. I. Railway

Special to Dispatch.—Laporte, Minn., May 11, 1911.—Fanned by fierce winds early this morning fire swept through the town of Laporte and destroyed most of it.

The entire business section is completely obliterated, the people being utterly unable to stay the ravages of the fire.

The losses are estimated at about \$25,000.

Laporte is a town about 72 miles north of Brainerd on the Minnesota & International railway and was a prosperous little community.

The population of Laporte is estimated at about 200. It had a Baptist church, bank, hotel, weekly newspaper and other establishments.

The town is situated in Hubbard county 25 miles northeast of Park Rapids and 12 miles northwest of Walker.

Among the probable losers in the business district which was completely obliterated are H. Brummond, general store; C. J. Carlson, restaurant; Charles E. Crandall, real estate and surveyor; John Ellason, ore drills; Anton Jones, saloon; First State Bank of Laporte; G. K. Gladen & Son sawmill; C. T. Kelly & Son, publishers of Laporte Weekly News; Laporte Land & Development Co., Larson & Hendrickson sawmill; L. J. Miles, blacksmith; John Moberg, logger; Robinson & Dick, loggers; John C. Stuart, livery; W. J. Turner, meat market.

## MEETS DEATH AT KENNEDY MINE

George Reynolds, Blacksmith, is Thrown From Mine Skip and Internally Injured

FUNERAL IS HELD TUESDAY

Leave Daughters, Mrs. Charles Fuller, of Ironton, and Mrs. Kelly, of Aitkin

Aitkin, Minn., May 11.—The funeral of the late George Reynolds was held at Aitkin on Tuesday afternoon.

The deceased was employed as a blacksmith at the Kennedy mine at Cuyuna and without instructions it is said, boarded the skip at the shaft and was thrown from it, sustaining a compound fracture of the left leg and rupturing his kidneys and also sustaining a severe rupture of his stomach. The accident happened on Friday and he lingered until Saturday.

He leaves two daughters, Mrs. Charles Fuller, of Ironton, and Mrs. Kelly, of Aitkin, who is the wife of Dr. Kelly. The funeral was largely attended.

### GETS BANK CONTRACT

A. G. Shulind & Co., are the Lucky Ones to Build First National Bank of Crosby

A large number of bidders competed at Crosby for the contract to build the new brick building, two stories in height, which the First National bank of Crosby, is to erect on Main street a short distance from its present location.

A. G. Shulind & Co. who have erected many buildings on the Cuyuna range, were the lucky bidders on Wednesday and will commence construction at once. All contracts, the bank at Cuyuna, bank at Crosby and school house at Deerwood have thus been let to what may be termed "home" contractors, or ones who have investments on the range and are identified with its growth and progress.

## MOTHER'S DAY NEXT SUNDAY

White Carnations Will be Worn in Honor of Mother on Sunday, May 14th

FLORISTS ORDERING FLOWERS

Sermons to be Preached Honoring Mother and Calling Attention to the Good She Has Done

Next Sunday, May 14th, is Mother's Day, a day set apart for honoring mother for all the good she has done and to commemorate the event sermons will be preached in the churches elaborating the good she has done and white carnations, emblems of the day, will be worn by all.

Florists of the city are laying in large stocks of white carnations so as to supply one to every boy and girl who wishes to honor mother.

To make the celebration a success plans should be laid to give mother a genuine rest and holiday on Sunday. Let some one else make the beds and attend to the numerous household duties.

Let some one make or superintend the making of the Sunday dinner. Give mother the seat of honor in the household and let her know that her worth is appreciated.

A hundred little attentions that father and the girls and the boys may have neglected to show mother may be showered on her that day and to say the least, mother will certainly appreciate it.

We revere and honor George Washington, Abraham Lincoln and other heroes. So next Sunday let us do homage to some one very near and dear to us, some one who has kept as faithful watch over us as did George Washington and Abraham Lincoln over the republic, some one whose love is boundless, just mother.

## A. ROBERTS CO. GETS CONTRACT

Duluth Contractor Who Built Spalding Hotel at Crosby Will Erect Deerwood School

C. B. ROWLEY ALSO PUT IN BID

Village Council Has Session—Other News of Deerwood and its Vicinity

Deerwood, Minn., May 11.—The contract for the erection of the two story, four room and basement brick school building was secured by A. Roberts & Co., of Duluth for \$9,200. Mr. Roberts has erected many buildings on the Cuyuna range, his work being the three story Spalding hotel at Crosby. There were many bidders in the field and their bids, as near as can be ascertained, were as follows: Colburn & Redfield, of Ironton, \$10,450; E. W. Hallett, of Deerwood and Crosby, \$11,364; Nelson Wickstrom, of Duluth, \$11,236; Frank L. Johnson Co., of Duluth, \$9,569.36; E. A. Hanson, of Sandstone, \$12,350; C. B. Rowley, of Brainerd, \$11,013; Louis Albers, \$11,595; Shulind & Co., of Crosby, \$10,384.

The bids for heating and plumbing were placed separately as follows: Deerwood Heating & Plumbing Co., \$3,616 heating and \$1165 plumbing; A. C. Shermer, Hibbing, \$4,955 and \$1,268; Stack Brothers, of Superior, \$4,837 and \$1,422; R. D. Black, of Duluth, \$6,000 for heating and plumbing; Northern Plumbing & Heating Co., \$3,885 and \$1,315; American Heating Co., \$4,600 and \$1,150. The Deerwood Heating & Plumbing Co. appears to be the winner on these two contracts and as it had the only bid for electric light and bell wiring, \$85, it seems it has secured these three contracts. The Northern Hardware Co., with a bid of \$278.20 is probably the company to secure the hardware contract.

At the last session of the village council there were present President James T. Hale and trustees Charles E. Benson and Peder Larson and the clerk, Julius O. Hage. Resolutions of respect were adopted on the death of the former president of the council, N. P. Emil Carlson. A communication from the Ingalls Motor Boat Co. was read and on motion the company was asked to formulate its request and submit it to the council at the May 16th meeting. All blankets, mattresses and other effects used in connection with quarantined patients in the Harms building were ordered destroyed under the supervision of Dr. Reid. The clerk was instructed to purchase four canvass mattresses for use in the jail. The running at large of some of the cattle of Robert Archibald was the subject of complaint by some petitioners and the council took action on the matter and requested Mr. Archibald to observe the law in this matter. Henry Heinoehl asked for an extension of his malt license at lot 10 block 4 from May 7 to June 6 and in consideration of the fact that he was closed for that period by the United States authorities the petition was granted. The J. P. Ernster bill of \$19.50 for insuring the village hall and the chemical engine was allowed and ordered paid.

The Commercial Club adopted resolutions of respect and condolence on the demise of the late mayor of the village, President N. P. Emil Carlson and copies were forwarded his relatives.

Miss Nellie Reinhardt is the guest of Mr. and Mrs. E. W. Hallett.

John Shallman, who formerly conducted a hardware store in Milaca, was in Deerwood on Wednesday and took a trip over the Cuyuna range.

The heavy storm of Tuesday evening caused some damage in Deerwood. A bolt of lightning struck a large tree near the residence of Jas. McGee and splintered it to pieces.

Many of Deerwood's young people attended the two dances at Crosby this week.

Mrs. Robert Archibald is to entertain the Augsburg society on Friday evening and an extensive program has been prepared. She has always proven a most hospitable hostess and a royal entertainer and the entertainment given at her home will draw a large attendance.

The Imperial Quartette of Brainerd, gives a concert at the Lutheran church on Friday evening, May 12th, under the auspices of the Ladies Aid society of the Methodist church. The quartette will be assisted by the best of local talent and the concert will no doubt prove a great success.

The Presbyterian Ladies' Aid society met with Mrs. J. M. Hilyard on Wednesday afternoon and was attended by Mrs. William Bamberg and Mrs. J. E. Legere, of Ironton, who were much pleased by the hospitality and kindly greeting shown them.

Born to Mr. and Mrs. Henry Blackwood on Tuesday, May 9, 1911, a handsome baby daughter.

Born to Mr. and Mrs. Bernie Taylor on Tuesday, May 9, 1911, a bouncing baby boy.

## INLAND STEEL CO. OFFICIALS

Visit Crosby in Special Train Yesterday and Inspect Their Holdings in Vicinity

IMPRESSED BY RANGE ACTIVITY

Party Accompanied by J. R. Michaels, Supt. of Duluth-Superior Division of Soo

Crosby, Minn., May 11.—A party of prominent officials and stock holders of the Inland Steel Co., of Chicago, arrived in a special train over the Soo line yesterday. The train was composed of a diner, sleeper and engine.

The party consisted of P. D. Block, the vice president and general manager of the Inland Steel Company, Capt. William Wearne of Hibbing, the local superintendent of the company; S. Deutsch, D. Thompson and L. E. Block. On the special train was also J. R. Michaels, the Soo line superintendent for the Duluth-Superior division.

The party spent all day at Crosby and its vicinity visiting the active mining operations of the company and the drilling being done near by. The officials would venture but little information regarding their visit, which is the third one they have made to their properties.

They indulged in a few facetious remarks to the effect that Mr. Deutsch, a serious minded member of the party, had lately patented a new method of making sash weights, but from the smiles apparent on all sides it seemed evident that the gentleman's sash appendages did not carry much weight with his friends.

The train crew was composed of Engineer Arthur Fisher, Fireman C. S. Geraldson, Conductor H. A. Smith and Brakeman J. Mayfield.

In the evening the steel men took a ride on the launches and early Thursday morning their train steamed back to Duluth and Chicago.

## IRONTON STAYS WHERE IT IS

No Truth to Rumor That Townsite Was to be Shifted Because of Ore Discovery

FOURTH STREET BEING GRADED

Big Ball to be Given in Ellingsen Brothers General Store When Completed

Ironton, Minn., May 11.—The Ellingsen Brothers general store is rapidly approaching completion and when the store is to be opened a grand ball will be given to celebrate the event. An orchestra will be engaged from Aitkin to furnish the music and people are expected to be present from every town on the range.

Nine teams are at work engaged in grading Fourth street.

John H. Hill, of Duluth, was at Ironton on Wednesday.

"There is no truth whatever to a statement recently published in Duluth and Superior papers to the effect that the town of Ironton was to be moved several blocks owing to the discovery of a large body of ore on Main street," said E. A. Lamb, who has large interests there. "Only one block is affected and there are not many buildings in that block. All investors and builders in other parts of Ironton may rest assured that they will not be disturbed."

Hugo Elmer is erecting a cottage on an acre tract in section 13 near Crosby Beach.

C. W. Potts, of Superior, Wis., was about completed his residence in Crosby Beach.

There is now no danger of grass or brush fires. They have been thoroughly wiped out by the fire fighters and the heavy rain of Tuesday evening extinguished the last vestige of them.

Mrs. J. E. Legere and Mrs. William Bramberg visited in Deerwood on Wednesday afternoon and enjoyed an exciting launch ride on the way home. Serpent lake was full of white caps and the motor boat of the Ingalls Motor Boat Co. rode them all without shipping any water.

Mrs. Ray Kleffman, wife of the diamond setter of the Helmer Exploration Co., is visiting relatives in Hibbing. Mr. Kleffman's cottage in Ironton is almost completed.

Mr. Lefkowitz, the Crosby clothing store proprietor, has purchased a lot in Ironton and will soon commence to build.

A baseball team has been organized with H. P. Armstrong, the postmaster as manager.

Surgery, "Painless Charity."  
The surgery of a not remote past was radically different from the practice of today and fell little short of actual torture of the patient. Burning the severed veins with hot irons to stop bleeding, opening gaping wounds wider to promote long continued suppuration, inserting tents and compresses between the gaping lips of wounds to prevent healing by first intention, filling gunshot wounds with boiling oil, etc., to counteract the supposed poisonous character of missiles propelled by gunpowder—with a host of salves, ointments and similar medicaments, it was not until late in the nineteenth century that military surgery became the soothing, beneficent, almost painless charity of today.—National Magazine.

### AFFECTATION.

Affectation has been said to ruin a face quicker than smallpox. Its effect on character is even worse. We always suffer for wishing to appear other than we are, whether it be richer or greater or more learned. The mask soon becomes an instrument of torture.

### "The Best in the World"

As the bride led her friends into her cool, spotless kitchen, they broke into a chorus of approval.

"Well, I am proud of it," she said, "and proudest of all of my stove. It's a New Perfection Oil Cook-stove, and I think they are the best in the world. They toast, roast, broil and bake equally well—really to perfection—and the kitchen stays much cooler and cleaner than with any other range. This stove cuts my kitchen work almost in half."

There is no wood or coal to carry for a New Perfection; no ashes to clean up. It is ready for use as soon as lit; out at a touch of the fingers—economical as well as quick and convenient.

### Saved Child From Death

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists. tfs

### COUNTING HEADS.

The First Census Was Taken by Moses in the Wilderness.  
There is a record of a census in China as far back as the year 2042 B. C. and of one in Japan in the last century before Christ. Under the constitution of Solon the citizens of Athens were divided and registered in four classes, according to the amount of their taxable property or income. The Roman census was burdened with more statistics than any of these, however. It had its origin under Servius Tullius, sixth king of Rome, and was an affair of much solemnity. Every citizen had to appear upon the Campus Martius and declare upon oath his name and dwelling and the value of his property under the penalty of having his goods confiscated.  
The most ancient statistical record of a census is found in the Bible. The census was taken by Moses in the wilderness, and, as shown by the first chapter of Numbers, the enumeration must have been very simple. "Take ye," says this account, "the sum of all the congregations of the children of Israel, after their families, by the house of their fathers, with the number of their names, every male by their polls; from twenty years old and upward, all that are able to go forth to war in Israel; thou and Aaron shall number them by their armies." This census was an affair that must have been soon over, lasting no longer than one day, being merely a counting of the heads of the fighting men. The women and children and cripples and the old men were not included; "neither were the Levites numbered among them." Those who did stand up to be numbered totaled 603,550.—New York World.

### A Joke and a Law.

Tradition is that the habeas corpus act was put on the English statute books as the outcome of a joke at the expense of a bulky lord. It was in the final division in the house of lords, and Lord Grey and Lord Norris were appointed tellers. Lord Norris was not attentive to his duties, and when a very fat lord came in Lord Grey counted the obese person for ten, at first as a joke; but, seeing Lord Norris had not observed, the other noble lord went on with the miscunt. By that means, says Bishop Burnet, a sufficient number of votes was secured, and the bill was passed. Long afterward the American colonists took over the act from England.

### Two Strange Diseases.

According to a well known medical authority, the seemingly strangest of all known diseases are called astasia and akathisia. Astasia is a nervous affection, and a person suffering from it cannot stand upright. If he tries he will be obliged to hop and jump whenever his feet touch the ground. Akathisia is the exact opposite of astasia, since a person suffering from it cannot remain seated. The moment he sits in a chair he is obliged to start up again. A person afflicted with akathisia can walk easily, but cannot sit, whereas a person suffering from astasia cannot stand upright and cannot walk in the ordinary manner owing to the contraction of the lower limbs.—New York Herald.
